

For domestic and industrial use

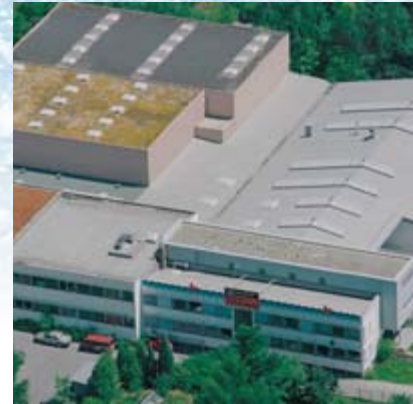

PROmi

House Water Device

The JUDO PROMI house water device combines the advantages of backflush protective-filters, pressure reducers and backflow preventers. Effectively prevents damage to the pipe system caused by foreign particles and excessive pressure.

The advantages

- ◆ No cartridges to replace
- ◆ Prophylactic protection against germs through silver-plated screen
- ◆ Water supply even while the filter is being cleaned
- ◆ Water savings through pressure reduction
- ◆ Degree of soiling is clearly visible
- ◆ Patented – made in Germany

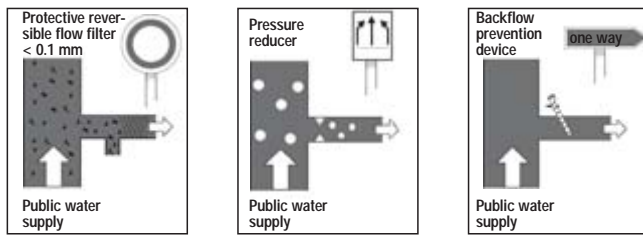

The problem

Sand, rust and dirt particles damage and block sanitary installations such as water pipes, fittings, boilers, showers, etc. This leads to corrosion, pipe bursts and expensive repairs.

The solution: PROMI from JUDO.

Universal use

Private households, hotels, catering outlets, hospitals, office buildings, apartments, industry, etc.

PROMI – the germ protection class

The stainless steel screen's silver coating provides optimum prophylactic germ protection. In addition, the patented point-rotation system ensures perfect screen cleaning.

We stock JUDO equipment:

Memory function key

Silver-plated stainless steel strainer for prophylactic germ protection

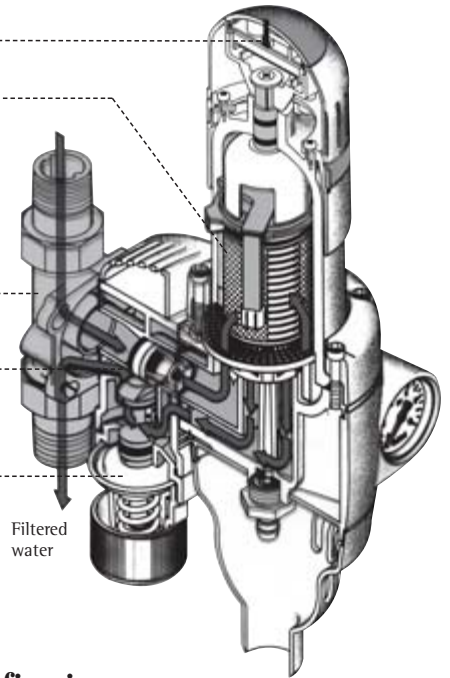

Fitted rotary flange with bayonet

Backflow preventer

Pressure-reducing cartridge
